What's wrong? Just what happened?
Mr. Hans, it's terrible!
Let's start from the beginning a few months ago
Some man brought monsters into the market and is trying to sell them!
It's the town!
Come on up folks!
He's selling monsters ?!
What?
Let s get over there quickly!

Oh, welcome! Wanna buy a boar?
H-Hey, you there.
I've got some fresh boars for sale here!
Boars for sale
You mean they're not?!
What?
Do you think those are boars?
Where did you come from?
And that s a rather weird hairstyle
He doesn t look familiar
Black hair?
Is that a horn?
Now that I look at them, those are some nasty tusks

I was just helping out my folks back on their farm in Hokkaido.
Yeah. well. I don't really get it myself
Then these boar things attacked me. but I was in an agricultural school. so I was able to catch them.
but then I just suddenly found myself in some mountain.
I was bummed out, but they gave me food and water and really helped me out.
Walking around the mountain, I found some village and after talking a bit, it turns out I'm not in Japan anymore
And that's how I got here.
So to make it up to them, I offered them these boars, but they said it'd be better if I sold them here

His story was just absurd,
but his dark eyes didn't seem to be lying
So you're just lost?
.....
Yeah, that's it!
And he suddenly shows me this weird expression
Anyways, it s best if we take this to my constabulary
I need some help here!
Nah, I can handle it, man-
Huh?

ズ
What ridiculous strength
It's like they weigh nothing
I'm Yoshida Ken'ichi,
just call me Ken'ichi!
Oh, right, I forgot to ask your name

I can't just sit here and mooch off everyone forever.
You want to start a farm?
Why a farm though?
I can only use that strength on monsters
In fact,
I recently saw my status,
?
Your status ?
and it said I'm a monster tamer!
So I wanna try taming monsters and raising them as livestock!
Besides, I helped out on my family's dairy farm.

Where exactly did it say that?
Right here, see?
What? You can't see it?
That's weird, I can see it though
It's right there!
Wait, Ken'ichi sure says some odd things...
his very being is strange, so...
That just might be possible...
Alright, let's go
Huh?
This place is far enough from the town, are you fine with it?
Woah, for real?!
Awesome!

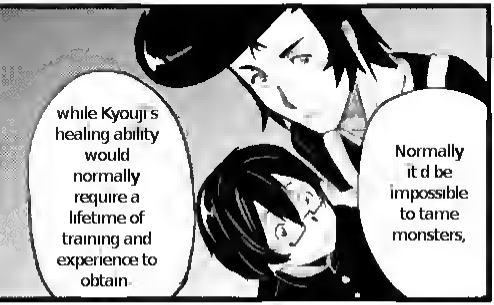
and they're even buying the charge boars and dry-cured ham!
I've got milk and cheese for all the people in the region,
Some months later
KENICHIFARM
Look at how far I've gotten!
Mr. Hans!
I think you would've survived just fine.
Come on now.
If it weren't for all of ya, I'd have just died in some ditch!
It's all thanks to you and that first village I visited, Mr. Hans!
And he has black hair!
What's wrong?
A miracle man has appeared in our village!

Okay.
I'm done
Thank you!
Woah, bread!
I'm sorry, this is all I can offer you...
Normally you'd expect the price to be a large sum of gold...
He's perfectly fine with bread and water for payment
Please, you don't have to do that!
You truly are a saint...

What are you talking about?
Oh man, I remember the day I wore one as well
Why are you in a school uniform?
Are you also
You know it's a school uniform?
Japanese?
I-I
from Tokyo!
I'm Sudou Kyouji
Sorry, Mr. Hans,
he can't exactly speak like this
Uu
Indeed
Wa aa ah!
Hey!
Waaaaah!

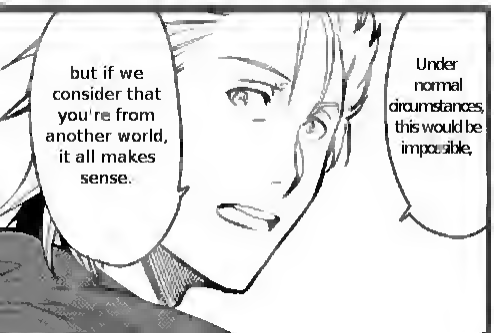
So as I was heading home, I found myself in a mountain,
KENICHI FARM
and saw my status, which said I have a healing ability
In exchange for some food, I healed the people there
If I hadn't met those people there, I--
Waa ah!
So you also came from Japan ?
Yes, it's a far away land, in fact,
I think it's in another world entirely
I think Ken'ichi and I got our abilities when we came to this world
Though I don't know how or why

You just realized?
They're not!
Oh, well then,
Oh come on, another world?
How did you not notice?!
Hold on, there's no TVs or phones here either
are cows supposed to have 6 legs?!



while Kyouji's healing ability would normally require a lifetime of training and experience to obtain
Normally it'd be impossible to tame monsters,

Hmm...
Considering your powers, it's not unlikely



but if we consider that you're from another world, it all makes sense.
Under normal circumstances, this would be impossible,

you're still alive, right?
Cheer up, man,
Ha-ah.
I knew it

Yes, they helped me a lot.
got help and food from the first people you met, right?
You also

but I just owe them more for their help
I want to repay my debt to all the villagers and townsfolk,
like buying the land and talking to people.
He did a lot of stuff to get me this farm,
especially the way Mr. Hans helped me
It's the same for me, so now I'm running the farm so I can return the favor and help others,

That's right! It's that thing about a night's lodging and food!
If we're not returning, we should make it up to everyone who helped us!
True,
they did give food to a total stranger like me after all
That's right! We're Japanese after all!
Yep,
as Japanese people we need to help those in need!
.....
Until he can return to "Japan", Kyouji will live on Ken'ichi's ranch
and help as a veterinarian and a doctor

One day
M-Mr. Hans, it's serious!
A monster has appeared!
What !?
futile!
Futile futile futile futile futile futile futile
Just what is this?

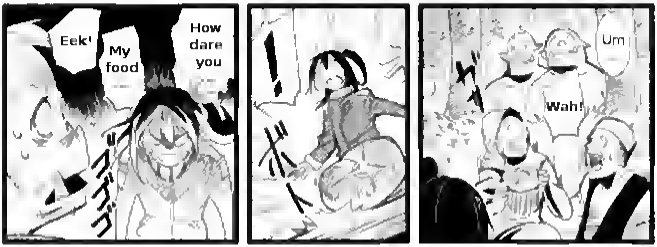
Its loud roar tells me to defeat you!
This hand of mine is burning red!
Um hello?
Yeah!
1
2
3
Wha ?
Fire!
Just to be sure,
are you Japanese ?

I suppose I should call over Ken'ichi and Kyouji
I knew it
I'm Minagishi Mitsuba!
Yep!
and got some food from the old ladies here,
After that I came to this village
but then these guys attacked us!
During my daily job I just found myself in a mountain somehow

ゴゴ
But we won't let Tottori get ahead of us!
Shimane, the one prefecture no one in Japan knows about!
Yep
So she was in the mountain just like us.
Hey, Mitsuba, where are you from?
Yeah! Ya'll never understand the struggle between localities!
You're just like that cause yer from Tokyo!
Why are you so fired up?
Yeah!
I know the feeling! We can do it!
Wha?!
Hey, are you waking up now?
Ugh
Ugh
Shimane doesn't have any famous specialties! We're seething with anger!
Hell, you guys enjoy fresh caramel!
I can't exactly do anything about that...
Uuun...

I'm sorry, please forgive me!
Just don't kill me!
Calm down, she won t attack you
In any case, why did you goblins and orcs come down to the village?
Surely you realize you might be caught and make into slaves by some people?
Yeah, I ll explain
We re basically scavengers
Our tribes kicked us out because we were sick or injured
Obviously we can t hunt for ourselves, so we have to make do with what the stronger monsters leave behind
But one day the strong monsters just disappeared and we were left unable to find food
So we had to get by with berries and mushrooms,
That tonight but a head Alan

The humans around here are nice, so we came down here to ask for some good
but we've reached our limit



Eek!
My food
How dare you
!
Um
Wah!

just left.
I think I might know why the strong monsters
She must've been really scary.
I'm really sorry!

so I'd like to apologize
That might be the reason, that I lectured them
The wolf monsters I was looking after were leaving so much food behind
Thank you!
R-Really?!
I'll be able to feed you guys then.
Do you guys want to work at my farm?
Yes!
It won't take long
I'm counting on you guys!
and they began working on Ken'ichi's farm.
After that, Kyouji healed the wounded,

It's natural to help those in need,
and they wish to help others just like others helped them
Ken'ichi and Kyouji have some common values
Is this kindness a trait of the "Japanese"?
It's a natural thing,
but often people don't help
Ain't that great?
Mitsuba's special power is apparently super strength,
so I can't just leave her to her own devices.
You're coming with me.
Aah...
A-Are you alright?! I'll heal you now!

I made Mitsuba into my assistant.
Your uncontrolled strength is dangerous, so I'll be watching over you.
Yes, Sir! I'll so my best, Sir!
Oh, Mitsuba, are you patrolling? How admirable.
Drop by later, I'll have stew ready.
Yaay!
Stew!
I can't patrol on an empty stomach,
captain Hans!

I work for a constabulary, not a knights' order!
I'm not a captain
and
You're just a glutton.
Then let's make a knights' order!

We don't need a knights' order all the way out here!
……
It's so exciting and amazing!
Aww, a knights order would be so cool!
……
Listen here-

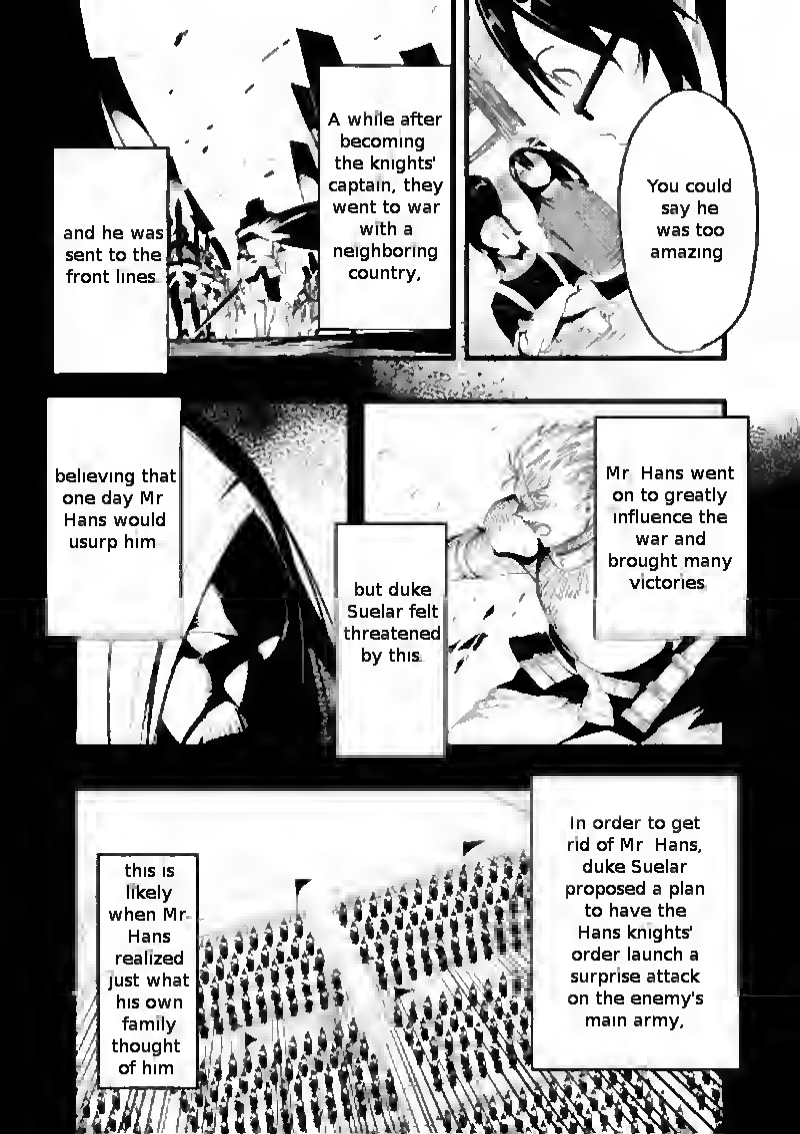
KENKOUFARM
Can you believe that captain Hans would say such a thing?!
The reason Mr. Hans is opposed
has to do with his family
What do you think, Kyouji?
Huh? Me?
Well it is pretty peaceful around these parts
Mr. Hans is duke Suelar's 5th son and his family is extremely powerful in this country
Yeah
this is just what I heard from people in town and the villages
His family?

At the time the Suelar family had great political power.
but they had little influence over the military
Thus they sent Mr. Hans, who had little hope of inheriting anything.
to increase their influence
So from a young age Mr Hans learned swordsmanship and martial arts
and he turned out to be a prodigy, easily matching countless others
Eventually he earned the title of "mage slayer"
and rose to command a knights order
"Mage slayer"! That's so cool!
So how come such an amazing guy is now out here in the sticks?



You could say he was too amazing
A while after becoming the knights' captain, they went to war with a neighboring country,
and he was sent to the front lines
Mr. Hans went on to greatly influence the war and brought many victories
but duke Suelar felt threatened by this
believing that one day Mr Hans would usurp him
In order to get rid of Mr. Hans, duke Suelar proposed a plan to have the Hans knights' order launch a surprise attack on the enemy's main army,
this is likely when Mr. Hans realized just what his own family thought of him

Despite facing his own death
and even brought back the head of the enemy s supreme commander
Mr. Hans miraculously survived
bringing the entire war to an end
who offered to grant him any wish
For his achievements Mr. Hans earned an audience with the king
Duke Suelar watched trembling in fear as Mr. Hans stepped forward
and told the king
that he wished

a local knight out here.
to serve as
I see, so Mr. Hans also went through some hard times
So that's why he's stationed out here ...
He must have gotten sick of it all.
True, Mr. Hans probably never gets any rest since he's working alone
Yeah! I've been with him all this time, so I would know!
But I think a vigilante corps would be fine,
It's pretty hard to protect this whole area all alone
Prob-ably
So if we made a knights' order here, his family would get in the way?
Hmm...

You guys have quite the imagination
Even with Mitsuba's help,
he'll die from overworking himself one day and die
Kyouji, think of something!
I can't breathe
Mr. Hans will die!
We've heard everything!
We also want to join
that vigilante corps!

Ah, Mr. Hans,
What's going on?
That's just stupid! Gahaha!
Gaha ha!
keeping quiet about this, but...
We were
You guys
they're Aye, normally meant to represent your tribe or status.
A necklace?
This is it.
he's thinking of making a necklace
But since we were all kicked out,
we had to abandon ours
and lose their necklace cry for the first time in their life
and supposed to be important, it's said that orcs and goblins who are enslaved

.....
Alright, enough screwing around, back to work!
Okay.
Yeah, but I just can't find good materials around here
So you were thinking of making new ones?
Hey, you guys.
Whew, we're finally done.
Mr. Hans!
Ha ha ha
What happened to you?!
Here, take this.
What is it?

I just found them while I was patrolling
Where did you get such valuable items?
This is
a demon moth's "demon string" and a "rainbow magic stone"!
That's how we were able to make these
These stones mean "gain new hopes and live on"
But hey, now you can make those new necklaces
M-
Mr Hans!
Uu gh
He told us not to tell you, so that you wouldn't make a fuss about it

Mr. Hans is just too nice!
Jeez, you guys, you don't have to worry about the farm, just go and do your best!
We also want to do something for Mr. Hans!
Well, army is over-statement
Oh right, armies are bad
If they all go out, they might be thought of as an army.
No, that's not a good idea
Armies
Armies are bad
I just thought of some-thing!
Ths can't end well
I've got it!

My name is Hans Suelar.

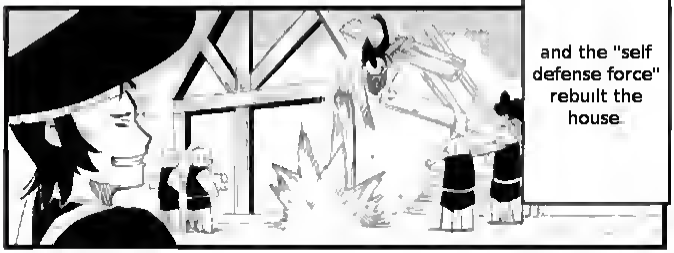
It was as Mr. Koushirou said!

The boy wasn't injured,



and the "self defense force" rebuilt the house

And with the persuasion of the other "Japanese" people,
Sir Koushirou established a small restaurant outside town

Yeah, in our world,
we throw boxes that are good at seeing things into the sky.
A military saddelite?
Into the sky?
Your world is full of oddities.
They're not that amazing though!
The countries here hold a firm grip on anyone with an ability to see things like that, and sir Koushirou's is well beyond those
If the capital learned of you guys, it would turn into a big deal.

But this is out near the border,
It's unlikely the capital will hear any rumors from here

I'm also a bit concerned about sir Koushirou
Why's that?
Well, let's just go to his store first

Woah, this is actually the first time I've come here,
I've been so busy healing people
Is that so? Well, sir Koushirou's cooking is great!

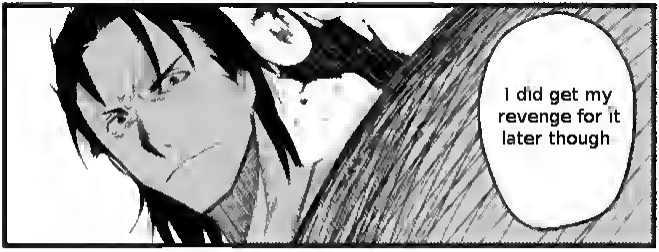
My theory is that
it's similar to how status ailments in a game are healed either over time or with a recovery spell.
Mr. Koushirou's aging was probably
regarded as a status ailment when he came here.
I also thought it was odd,
I see.
the scar on my stomach disappeared as well.
How did you get that scar?
I just thought it might be normal in this world.
It's an embarrassing story from my past ...

After the war ended, I was a bit wild
One day, I took a bullet that was aimed at the boss



I did get my revenge for it later though

A bullet...
Isn't that something from those ranged weapons you mentioned before?

and when I went overseas as a mercenary
Yes, I used them a few time on jobs

so you're also a warrior!
Oh,
I learned many dishes on the battlefield

What kind of man was your boss?!

Yeah!
S-Stay calm. I need to keep the fact that I was reincarnated a secret
If sir Hans ever learned of that, he would treat me differently

Kind of like you
Well, not like that's even possible
It wouldn't make sense at all!
Right
Sir Hans you probably want to hear all of the information so

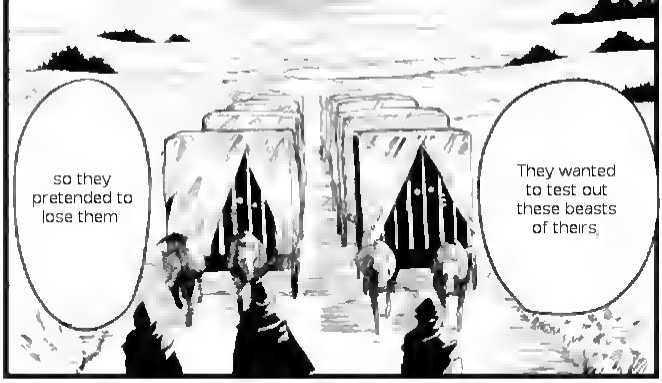
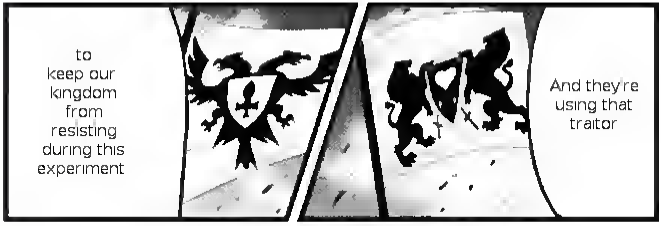
According to our infor mation
the neighboring kingdom has tamed giant birds, lightning horns and armored bears
and they're using them in battle
What?!
We've discovered the facility for this
Just past the mountains
but
There were only about 30 of them there

Huh?!
thieves managed to steal them
The nobles that were in charge of managing them
were all executed
One of them had ties to our kingdom
Getting rid of the traitor?
It would seem that way
I see now



so they pretended to lose them
They wanted to test out these beasts of theirs



to keep our kingdom from resisting during this experiment
And they're using that traitor

so the robbers are just going head here with those monsters
While there's mountains separating us they felt this remote town was close enough

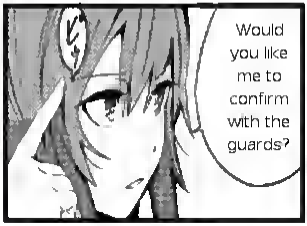
But why is he coming here himself?
He is a rather odd man after all
Well I'm sure he has his reasons
even out here, you still think the same as you did before
That's just like you sir Hans

So how is the enemy's progress?
The spies have said they're currently in the mountains
and will take another 10 days or so to arrive



Would you like me to confirm with the guards?

When will marquis Rock hammer arrive?
In about 3 days

Though before that

No that's enough
We'll need to start arranging for their provisions and housing

This is what happens when you tell her anything complicated.

As I just explained.

marquis Rockhammer is leading his troops here

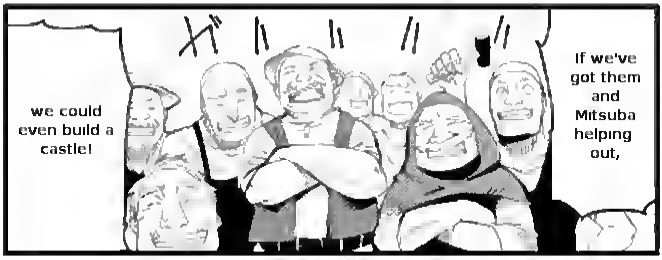
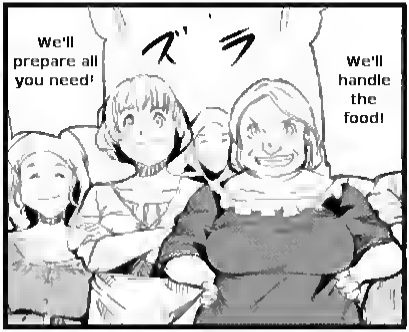
I'd like you all to help with preparing their camp
and their food
As those bandits are coming through the mountains
we'll be evacuating everyone living near there
and building some houses for them
The defense force will also be helping out

Reporting for duty!
Make good use of Mitsuba here as well



we could even build a castle!
If we've got them and Mitsuba helping out,

Mr. Koushirou... will you be helping as well?



We'll prepare all you need!
We'll handle the food!

Indeed!
What should we make?
Let's do our best!
Of course!

Where will we get so much so quickly?
building those houses will require a lot of wood
Sir Hans

You guys can use that
I was plannin on building some more pens for the beasts so I've got a bunch just lying around
Kenichi
Don't worry bout that!

I ain't some stingy old man!
'Course!
Are you sure, Ken'ichi?
He's so generous and cool!
Oooh, he's so manly!
Kyouji's really popular!
Aha ha
Thank you so much Dr. Kyouji
Uh right!
If you get hurt while working, just come to Kyouji, he'll help you

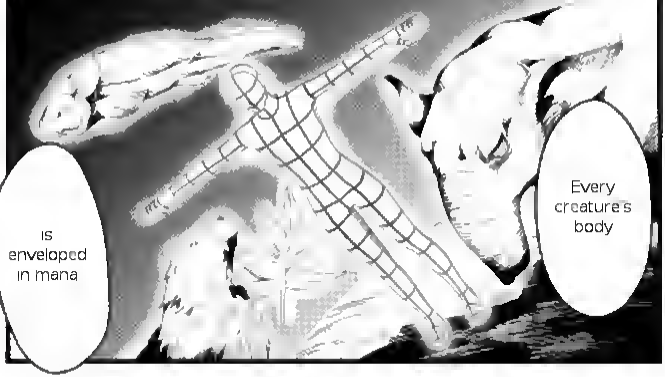
I'm counting on you guys!

Hmph
This is good it's well balanced

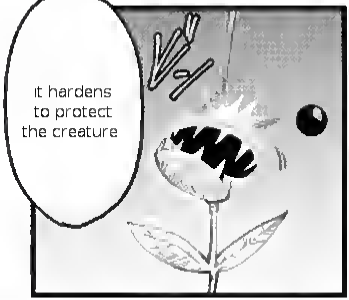
You were real fussy about the details after all

Here
I followed your instructions though it isn't perfect
And here's Dr Kyouji's request

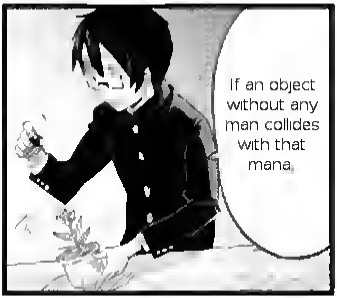
It's got the strength to withstand an explosion
And here's some metal balls for it
So it's true
What's wrong?
Metal doesn't contain any mana
The boss here explained to me
this world's natural laws



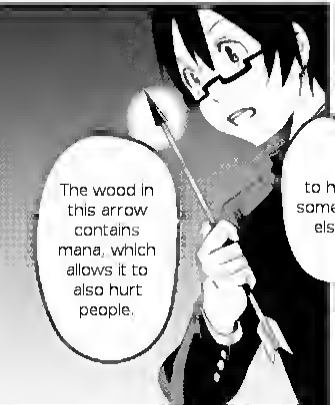
Every creature's body
is enveloped in mana



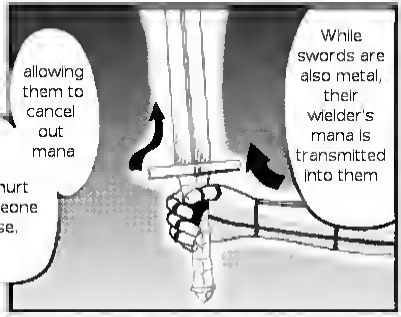
it hardens to protect the creature



If an object without any man collides with that mana,

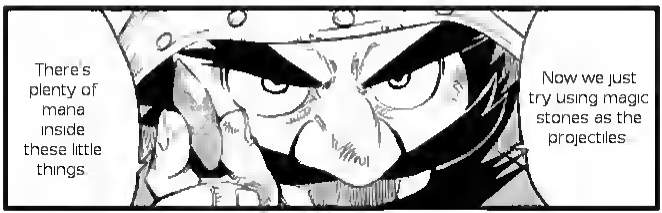


The wood in this arrow contains mana, which allows it to also hurt people.



allowing them to cancel out mana
to hurt someone else.
While swords are also metal, their wielder's mana is transmitted into them

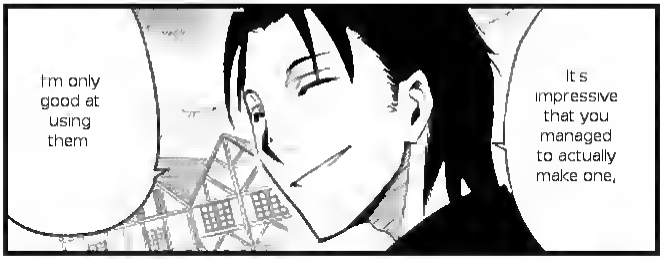
Well, this thing can still give you a nasty shock when it hits.
ポン



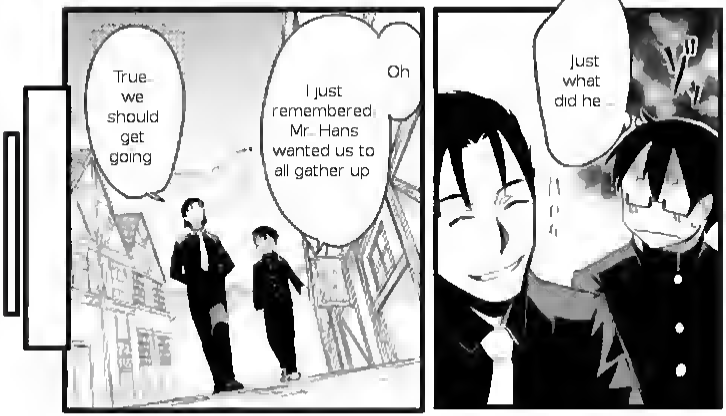
There's plenty of mana inside these little things.
Now we just try using magic stones as the projectiles.

Okay
So this'll take some more time to complete
They'll cost you a lot though!

so I talked to him about it before you arrived
I wanted to have something like a gun to protect myself...



I'm only good at using them
It's impressive that you managed to actually make one,



True... we should get going
Oh I just remembered Mr. Hans wanted us to all gather up
Just what did he...

Rein
let me properly explain to you
what these Japanese people's abilities are

SO THIS IS WHAT SIR KOUSHIROU SEES
THIS IS GREAT!
THANK YOU, BOTH OF YOU.
SO KYOUJI HELPED ME QUITE A BIT WITH THE MAP.
THE PLAN?
THIS'LL SIMPLIFY MATTERS FOR THE PLAN.

YES, I'VE GOT A PLAN THAT WILL NOT ONLY
PROTECT THIS TOWN, BUT ALSO HELP IN MATTERS RELATING TO MY FAMILY.

BUT I'LL NEED
YOUR HELP FOR IT.

I'LL HELP HOWEVER I CAN.

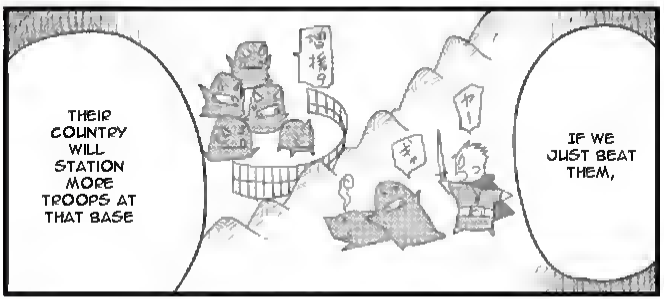
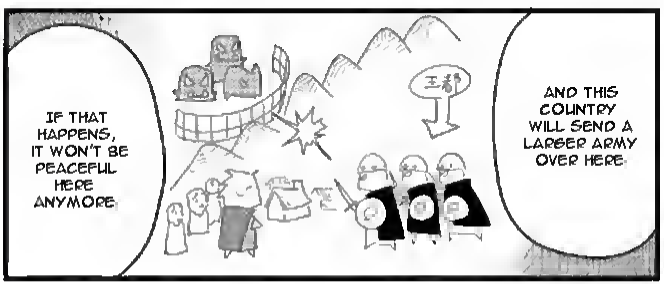
I GOTTA WORK HARD MYSELF
TO ENCOURAGE THEM
THERE ISN'T MUCH TIME UNTIL DUKE ROCK'N'ROLL ARRIVES, RIGHT?
THANKS FOR THAT, KYOUJI
IT'S DUKE ROCK-HAMMER
CAN YOU REALLY DO THAT?
COURSE I CAN!
I HAVE TO SHORTEN THE PROCESS
I ALSO WANNA PROPERLY CURE THE HAM AND SAUSAGES
SAY, DIDN'T YOU COME HERE TO TALK ABOUT SOMETHING?
AH.
IS IT REALLY THAT NORMAL?
ANY NORMAL AGRICULTURAL SCHOOL TEACHES THAT

MR. HANS THOUGHT UP A PLAN,
I'M HERE TO TELL YOU ABOUT IT.
ABOUT THAT
OUR ENEMIES ARE AN EXPERIMENTAL UNIT FROM THE NEIGHBORING COUNTRY,
THOUGH THEY'RE PRETENDING TO BE BANDITS.
THEY WERE STATIONED AT THE BASE OVER HERE
AND ARE NOW MOVING THROUGH THE MOUNTAINS

THE IMPORTANT PART HERE
IS IN HOW WE'RE GONNA BEAT THEM.



THEIR COUNTRY WILL STATION MORE TROOPS AT THAT BASE
IF WE JUST BEAT THEM,



IF THAT HAPPENS, IT WON'T BE PEACEFUL HERE ANYMORE.
AND THIS COUNTRY WILL SEND A LARGER ARMY OVER HERE.

BUT IF THE FIGHT IS FAIRLY EVEN,
THEIR BASE WILL REMAIN AS IT IS,
AND AN ARMY WILL BE STATIONED HERE TO DEAL WITH THEM

SO WHAT DO WE DO?
DO WE JUST GIVE UP?
THAT'S WHAT MR. HANS' PLAN SOLVES.

THE NEIGHBORING COUNTRY HAS NEVER CROSSED THESE MOUNTAINS BEFORE,
THIS COUNTRY HAS ALSO NEVER CROSSED THEM

WHICH NEITHER COUNTRY WANTS TO DEAL WITH.
THIS IS BECAUSE OF THE STRONG BEASTS THAT LIVE THERE.

AND AS LONG AS THEY HAVE THEM, THE WEAKER BEASTS WILL LEAVE THEM ALONE.
BUT THE NEIGHBORING COUNTRY HAS TRAINED SOME OF THOSE BEASTS

WE JUST NEED TO ENSURE THEY CAN'T CROSS THE MOUNTAINS!

THIS IS THE ENTIRE REASON THEY CAN CROSS THE MOUNTAINS SAFELY.
THEREFORE

BY HAVING STRONGER BEASTS ATTACK THEM!
HOW?
IF THERE'S STRONGER BEASTS OVER ON OUR SIDE,
THEY'LL BE UNABLE TO CROSS THE MOUNTAINS EASILY!
KEN'ICHI,
HOW DO WE GET THOSE STRONGER BEASTS TO ATTACK THEM?
BUT

WHAT IS YOUR SPECIAL ABILITY?!
HUH? MY ABILITY?

.....
.....
.....

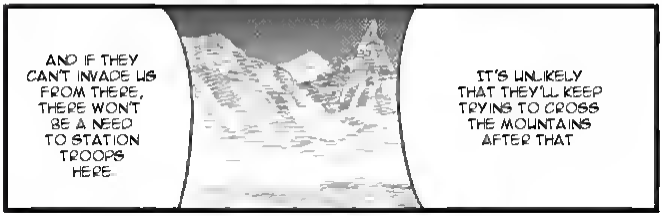
HE FINALLY REALIZED IT.
OF COURSE!
SO I'M GONNA MAKE THOSE BEASTS ATTACK THEM?!

HOLD ON, KEN'ICHI!
WIPE THOSE GUYS OUT!
ALRIGHT!
NOW I JUST NEED TO GET THOSE GUYS RILED UP AND HAVE THEM

LISTEN CAREFULLY
WHAT? WHY NOT?
YOU CAN'T JUST WIPE THEM OUT!

THEIR COUNTRY WON'T KNOW WHAT HAPPENED, SO THEY'LL JUST TRY DOING THIS AGAIN.
IF THEY'RE JUST WIPED OUT,

INSTEAD WE NEED TO JUST HURT THEM
AND SEND THEM BACK TO EXPLAIN THAT THEY CAN'T CROSS THE MOUNTAINS



IT'S UNLIKELY THAT THEY'LL KEEP TRYING TO CROSS THE MOUNTAINS AFTER THAT
AND IF THEY CAN'T INVADE US FROM THERE, THERE WON'T BE A NEED TO STATION TROOPS HERE

EVERYTHING WILL RETURN TO HOW IT'S ALWAYS BEEN AROUND HERE!

ON TOP OF THAT,

EVEN THOUGH THEY'RE ACTUALLY SOLDIERS
SINCE THEY'RE SUPPOSED TO BE BANDITS,
THEIR COUNTRY CAN'T INTERFERE IF WE PUNISH THEM AS CRIMINALS,
WE CAN JUST CAPTURE THEM ALIVE
SINCE THESE GUYS WILL HAVE VALUABLE INFORMATION,
IN EXCHANGE FOR SOMETHING FROM THEIR COUNTRY
DUKE ROCKHAMMER WILL BENEFIT FROM THIS AS WELL
AND OFFER TO RETURN THESE CRIMINALS

THE PERFECT EXAMPLE OF KILLING MULTIPLE BIRDS WITH ONE STONE!
THIS IS
WHAT?!
COULD YOU EXPLAIN IT ALL AGAIN?
SORRY, KYOUJI.
KEN'ICHI?
.....
? ?
THE SUN HAD SET BY THE TIME KEN'ICHI FINALLY UNDERSTOOD THE PLAN.
IT'S DUKE ROCK-HAMMER!
AND THAT DUKE SOMETHING-MALLET

IT'S JUST PAST
THAT MOUNTAIN ...

The next village should be close!
I gotta deliver these quick!

I need you to deliver these letters to the villages.
Niiseiba,
Roger.
The letters explain that I want them to take refuge in the shelters we built in town.
Roger!
Make sure you stay on the path and don't go into the mountains or forest.
And don't run too fast, you'll tear apart the road.

When you're done, maybe I'll get you something tasty to eat.
!
Really?!
I'm off!
And don't go around picking up food!
I can't even see her anymore ...

I see the village!
Oh,

Eat all you want
Really ?!

I wonder if they ll also give me something tasty

So
what did you eat along the way?

I don't know what you're talking about
Huh?

I don't eat that much!
There's a lunch on all around your mouth.
I don't particularly mind, but it should be in moderation.

If you keep eating that much, you'll get less for lunch!
I only ate a chicken, a whole ham, a jar of pickles, a loaf of bread, a pile of sandwiches, and a watermelon.

You won't starve from just that!
But if you do that, I'll starve!

?
Also, Mitsuba,

I don't know what you're talking about.
what's with those filthy shoes?

I thought I told you not to go into the forest or mountains
We're trying to evacuate people provoking the monsters doesn't help!

I defeated the bear I encountered!
Don't worry about it!

It's not like anything like that happened ...
I-I'm just kidding.
It's a pretty common joke in Shimane.

No lunch for you!

It seems he got hit by an arrow,
but managed to escape

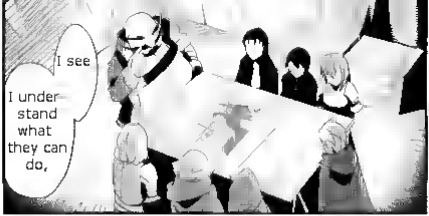
Phew

The abilities of sir Kenichi or Kyouji, and lady Mitsuba are also impressive

Sir Koushirou's clairvoyance is definitely real...

Their abilities will play a significant role in this plan.

Hans...
why are you introducing them to me?



I see
I understand what they can do,

but can we really trust them?

I can assure you of that
Of course.

If you feel that way about them,
then I shall trust them

After all,
I trust you, Hans.

Yes,
thank you...
He's a villain!
And he's bald!

I don't trust him!
He's a noble and yet he's bald!
What does that have to do with any thing?!
MITSUBA!!

SIR KEN'ICHI WILL SEND IN THE BEASTS TO SPLIT UP THE ENEMY AND THIN THEIR RANKS
TO SUMMARIZE SIR KOUSHIROU WILL FIND THE ENEMY WITH HIS CLAIRVOYANCE

SIR KYOUJI WILL BE PART OF THE RESCUE PARTY
AND THEN LADY MITSURA WILL ARRIVE AND FINISH THEM OFF

THAT'S GOOD
YOU'RE GREAT AT DRAWING

DO YOU ALL UNDERSTAND?
YES!
